

TEC 9-11-2020

Good afternoon BCIS families, This is Mr. Ebie

It was great to see so many of you this past week either picking up your online materials or dropping off your supplies.

We are very excited to finally get this year started.

I would once again, like to guide you to our school web site where you will find valuable information that will assist in making your start to school a success.

Information like;

- The Virtual open houses prepared by our staff
- 
- The tech help center for our remote learners
- 
- Updated transportation information
- &
- Student drop off procedures

I would strongly encourage all parents to take advantage of our district bussing.

As you are aware, we have limited parking at BCIS.

For those that must transport your children, it is very important for You to view the videos prepared by Mr. Beard on our school web site.

Your patience and cooperation are needed to insure everyone's safety.

As we have also said in the past, Masks are required for everyone attending BCIS.

WE look forward to the start of the new school year on Monday

I hope you all have a great weekend.
